ello, Ivor

Great to get your
letter about the 4-truck. Also
glad
about John Chalmers, who
promised to send a tape.

back in Illinois to pick up
the upgraded Platypus. Some
problems still. I'll do my best.
At some point there's a cutoff.
It's getting close now - I've invested
3 years in the Platypus. People haven't
always been cooperative. It's cool
& donations here.
